

12th Summer Institute on Migration & Global Health

Los Angeles, California, U.S.A.
June 26 - 28, 2017

The **Summer Institute on Migration and Global Health** is an international event that provides an inter-disciplinary applied research platform for migration and global health, that includes public health, public policy, and social sciences perspectives.

Who should attend: Researchers, faculty, graduate students and professionals working with or interested in migrant communities.

Topics:

- Current and historical trends on migration and global health
- Access to healthcare
- Bioethics
- Determinants of migrant health
- Refugee health
- Research methodologies and data tools
- Global agenda on migrant health
- Occupational health
- Violence, migration and public health

Format: The three-day course includes a combination of lectures, workshops, poster sessions, and field trips, to offer an exceptional opportunity not only to learn but also to create professional networks.

Location: The California Endowment Conference Center, Los Angeles, California
